

**REMARKS**

Claims 1-8 remain in this application. Claims 1-8 are rejected. Claims 1-5 are amended herein to clarify the invention by addressing matters of form unrelated to substantive patentability issues. For example, in claim 1, the lower layer is now recited as the substrate layer. Other formal matters are attended to that were not addressed by the Examiner and accordingly are considered unrelated to substantive patentability issues. The remarks of the prior amendment remain applicable.

In light of the foregoing, the application is now believed to be in proper form for allowance of all claims and notice to that effect is earnestly solicited. Please charge any deficiency or credit any overpayment to Deposit Account No. 10-1250.

Respectfully submitted,
